ICE RESCUE⁺
SYSTEMS

OUR STORY

What began as a just a small seed of an idea in Grand Junction, Colorado has grown into a full scale design and manufacturing company that produces state of the art surface ice rescue equipment on an international scale. At Ice Rescue Systems, we strive to go beyond producing quality ice rescue equipment by embodying the values and spirit of brave rescuers from the past, present and future. Since the beginning, our advanced ice rescue equipment packages have set new industry standards for design, performance and excellence. We

trainers and

expert rescue professionals from around the world who are passionate about creating innovative ice rescue equipment. Our team knows first hand the challenges associated with operating ice rescue equipment in high stress situations. When it comes down to it, we are visionaries. It's just who we are! We examine the status quo of ice rescue gear with a critical eye and aim at making improvements. Which lead us to the invention of the Ice Rescue Rapid Transport Sled attached with the 9-1-1 Reach Pole and Ice Rescue Water Rescue Sling. Perhaps the best ice rescue equipment package on the market. Ice Rescue Systems would like the thank the many experienced rescue professionals worldwide, whose immeasurable energy and dedication motivates us to improve our ice rescue equipment and ice rescue gear packages.

RAPID TRANSPORT SLED | RTS

The R.T.S. is an all-encompassing ice rescue sled that offers rescue ready tools within reach for rapid deployment efforts. After all, any successful rescue is all about time.

FEATURES:

- + Symmetrical design – simple and highly efficient
- + Foam Deck Pad
- + Oversized handles
- + Multiple Port Holes
- + Red and Blue bridle attachments
- + Ice Rescue Sling attachment
- + Tactical Reach Pole channel
- + Ice Rescue Sling channel
- + Ice Awl wells – Both Ends
- + Finger Wells – Both Ends
- + Rescue Tether Strap
- + Ice screw or light attachments
- + Snow and Ice Relief Channels
- + Sled cut outs for fin usage

RAPID TRANSPORT SLED

RTS

The R.T.S. (Rapid Transport Sled) for ice rescue is the rescuer's choice in ice extrication and victim care. The R.T.S. is precisely designed for ease of operation. The R.T.S. takes the rescuer out on the ice, through the water and back up on the ice. Through the years we have taken numerous suggestions from rescuers in terms of what they want in an extrication sled. The R.T.S. is a product of the fact that we are trainers and rescuers ourselves. We have shared the same experience on the ice, water and snow; with this experience and collaboration behind us, we have developed the R.T.S. a state of the art ice rescue extrication device.

- + Easy to operate
- + No set up or inflation
- + One rescuer capable
- + Low profile design for windy conditions
- + Foam padding for victim care
- + Accessories attachments
- + Multiple victim capable
- + Easily righted, if flipped
- + Easily stored on fire apparatus
- + In water ease of rescuer movements
- + Color coded attachments
- + Manufacturer product training available

STORAGE BAG | RTSSB

It's **ALL in the bag**. Ice Rescue Systems RTS storage bag is a multipurpose, multi-feature storage system. This storage bag is specifically designed to not only provide protective storage for the RTS, but to give the rescuer a convenient dressing station as well.

RTSSB

FEATURES:

- + Rapid deployment dressing station
- + Thick abrasion resistant bottom skin
- + Strong 1000 denier top fabric
- + Pocket strategically placed inside
- + R.T.S. will serve as the handle
- + Adjustable hook and loop closure
- + "ALL IN ONE" system

RTSB 150

TETHERLINES BAGS AND REELS | TL, RTS, TRR

The Ice Rescue Systems tetherline and bag are an excellent choice for any fire department that is involved in tender directed line water operations where light weight and a strong rope are desirable.

ROPE LENGTH: 150', 200', or 300' - Custom Lengths Available

ROPE MATERIAL: Poly Propylene Rescue Yellow/Red or Blue/Yellow Rope

DIAMETER: 7/16" Single Braid

MBS: 1800 lbs.

FEATURES:

- + Small reel accommodates up to 300 ft of 1/2" line
- + Large reel accommodates up to 600ft of 1/2" line
- + Spool brake
- + Stable platform base
- + Custom lengths available

TL 150 B
TL 200 B
TL 300 B
TL 400 B
TL 600 B

RESCUBE SLING | PRS

Ice Rescue System's ice rescue sling designed to offer positive buoyancy to victims in water. There is no comparison to other similar devices available on the market.

FEATURES:

- + Converts into TUBE or RESCUBE SLING
- + Molded to fit rescuer and victim's body
- + Wire-gate carabiner hand loop for victim
- + 3,000 lb webbing construction
- + Attaches to RTS and Tactical Pole
- + Attachment point for ice screw
- + Ergonomically correct for left or right hand deployment

RESCUBE SLING | PRS

The Ice Rescube sling is the KEY piece of equipment for any ice rescue!

It may be used as a straight extension from the rescuer to the victim, or shaped into a sling. The Ice Rescube sling can be added to our Rapid Transport Sled, or to our Tactical reach pole system. It is the rescuer's choice of victim positive buoyancy. The Ice Rescue Systems Ice Rescube sling is specifically designed for "The Ultimate," in ease of operation. No more left of right shoulder placement. Simply secure it and go!

Highest amount of buoyancy in the industry!

FEATURES:

- + Highest amount of buoyancy in the industry
- + 18 pound positive

CLASSIC REACH POLE | RPO

Ice Rescue System's classic reach pole is a must have for any department. This professional rescue pole was developed, designed and tested by many professional technicians. They are so rugged we proudly stamp our classic reach pole with our Life Rescue Warranty.

FEATURES:

- + 84" inch reach tool
- + Ice stability test tool
- + Hand to Wrist loop
- + Wrist loop padding
- + Self Rescue Device
- + Reflective sticker

CLASSIC POLES | RP 120C

RETRIEVER 120' | R120

While there are many “dog snaring” devices on the market today, none will protect the rescuer better than the Retriever 120’ (dog rescue device). NEVER LOSE ANOTHER “DOG CATCHING” DEVICE AGAIN / KEEPS RESCUER AT A POLE’S DISTANCE FROM DOG.

FEATURES:

- + Independent extraction from rescuer
- + Separate line attachment
- + Color coded line
- + Buoyant line
- + Pre-assembled “snare loop”
- + Assists in dog extraction

WATER OPERATIONS HARNESS

WOH

Don't trust those harnesses that are built in China. Our ice rescue harness has been tested to meet NFPA 1500 and NFPA 1983 standards.

FEATURES:

- + One Size fits most-completely adjustable
- + Quick Release Stainless Steel Cobra Buckle
- + Stainless Steel Hardware
- + Off Set Front D ring
- + Rear D ring
- + Chemical Light attachment points for night operations
- + New Entry Design - Quick and Efficient donning methods
- + Inspection tag attached
- + Available in Red
- + MBS 3600#

THROW BAG | TB

The Ice Rescue Systems throw bag is often times the quickest and best response for individual that has fallen through the ice. Often stated by professionals that our throw bag is the most accurate throw bag on the market.

FEATURES:

- + Ballistic Material
- + Easy to reload
- + Ice awl internal attachment
- + Glow stick attachment point
- + USCG approved internal flotation

DRYER SYSTEM | ONLY, DCH, SBVH

The Ice Rescue Systems deluxe air dryer system has been designed to quickly dry personal protective clothing such as ice rescue suits, dry suits and even your bunker gear.

BLOWER SPECIFICATIONS:

- + A powerful long life 7.2" diameter two- stage motor producing 125 cfm on open flow.
- + A completely redesigned plastic housing made of durable polycarbonate that can take the abuse of fire department personnel.
- + Built with a powerful bypass motor specifically designed for blowing applications
- + 4.0" inlet with protective stainless steel screen for maximum airflow.

FEATURES:

- + User friendly
- + Dry suits quickly
- + Highly efficient
- + Easily stored

ICE AWLS | IA

When submergence through weak ice happens, it's time for GET a GRIP ICE AWLS® by Ice Rescue Systems to go into action. Ice Rescue Systems is a leading researcher – manufacture of ice rescue equipment.

FEATURES:

- + 85% More Grip
- + No Moving Parts
- + Easier Extraction
- + Floatable
- + Faster
- + High Visibility

Choice of Rescue Professionals and Outdoor Enthusiasts

THE HYPOTHERMIC STABILIZATION BAG | HSB

The Hypothermic Stabilization Bag - HSB is a development by the president and founder of Wiggy's along with several search and rescue professionals who gave us most all of the recommendations that have gone into the making of this product.

FEATURES:

- + The interior and exterior fabrics are waterproof.
- + The bottom is 1000-denier cordura and the lining and top are 200 denier oxford nylon.
- + The top half of the bag separates completely from the bottom half to easily place a victim and for sanitization washing after use.
- + The zippers can be opened from either end and either side depending where it is necessary to provide service to the victim.
- + There is a zipper in the middle of the foot/leg area to expose a portion of either leg, if that is all that is required.
- + A pocket panel can be opened at waist level for mid section access.
- + Each arm has an access point that does not require opening the zipper.
- + For head trauma, individual sides or for the full head access can be exposed.
- + A chest pocket is located inside the bag for necessary additional heaters.
- + 8-man carry feature provides adequate space on either side of the bag for on foot extractions.
- + Adjustable rescue litter straps run length and width on the underside of the bag.

HAND WARMING TUBE | HT

Ice Rescue Systems hand warming tube offers great protection for EMS or standby personnel waiting to receive the patient.

FEATURES:

- + Fleece Lined
- + Accommodate re-usable warmer
- + Waist strap with quick release buckle

REUSABLE HAND WARMERS AND HEAT PACKS | HW, HWP & HP

Our reusable hand warmers and heat packs are a temporary warming tool for whenever you need an extra heat source. Whether at home or when you're out in the elements. The reusable hand warmers and heat packs delivers time and again!

FEATURES:

- + Provides up to two hours of heat
- + Heats up to 130° F (54° C) in just 15 seconds
- + When heat runs out, warmer can be rejuvenated with boiling water
- + Environmentally friendly

ICE RESCUE SYSTEMS COMPLETE PACKAGES

Ice Rescue Systems has packages available with many different options to choose from. Let your Ice Rescue Systems design specific items to suit your departments needs.

Ice Rescue Systems is committed to serving our rescue professionals and their equipment needs. Ice Rescue Systems will be the “12th” man on your team. We believe in our products so strongly that we offer the Life Rescue Warranty – LRW on ice rescue systems manufactured product.

Our manufactured products are fully warrantied when damaged or destroyed when deployed in a “Real-Life” rescue event. Yes, you read it correctly. If our Ice Rescue Systems manufactured equipment is damaged or destroyed during a “Real-Life” rescue event we will repair or replace them.

The following conditions **MUST** be met:

- + Product must be registered online**
- + Send damaged product back to Ice Rescue Systems**
- + Provide written details of ice rescue event**
- + Provide a video testimony of rescue. i.e. news**
- + Provide a written affidavit and signed by AHJ.**

**The LRW Warranty does not cover loss, theft, deliberate damage, training related damage, consumable parts, product attachments or cosmetic damage that does not hinder the performance of the product. Ice Rescue Systems reserves the right to discontinue LRW program at any time. Real-Life is life as it is lived in reality, involving unwelcomed human or pet rescue events, as distinct from a fictional world. **
