

LAW ENFORCEMENT AWARENESS TRAINING ICE RESCUE +

FRIDAY
NIGHT ONLY
5:30-10:30

Law Enforcement Rescue Training

The Law Enforcement to the Rescue programs are designed specifically for law enforcement personnel. During a real-life incident a law enforcement official is usually at the scene FIRST. As a Law Enforcement official you already know what your duties and responsibilities entail. Because you are first on the scene you can also offer an important response that can help ensure a successful rescue. This program teaches skills that are important to the overall rescue effort, while keeping you safe in these high stress incidents. Our law enforcement community is incredibly valuable to every rescue response.

The topics we cover:

- + Awareness for rescue response
- + Scene Safety Protocols
- + Situational awareness factors
- + Triaging victims
- + Rescue Response Protocols
- + Understanding Rescuer's needs
- + Understand victim physiology
- + Equipment for L.E. rescue response

Occupations include:

- + Flood Rescue Response
- + Swiftwater Rescue Response
- + Static Ice Rescue Response
- + Boat Operations Response

Paonia Fire Department

Feb 26, 5:30-10:30 pm

Certificate of Participation
Awareness Level
